Editorial Scope

Annals of Science and Technology Policy publishes survey and tutorial articles in the following topics:

- Literature reviews of technology and innovation policies
- Historical case studies of technology development and implementation
- Institutional histories of technology- and innovation-based organizations
- Analyses of policies attendant to technology development and adoption and diffusion
- Studies documenting the adoption and diffusion of technologies and subsequent consequences
- Studies of public and private research partnerships (cross sectional, over time, or case based)
- Assessments and evaluations of specific technology and innovation policies
- Analyses of ecosystems associated with the technology and/or innovation development
- Cross observational (e.g., cross-agency or cross-country) comparisons of technology and innovation policies
