Author's Note

There are three folders for replication purposes: data, do and log-files, and figures 1, 2 and 3. The data folder contains the data in Stata version 9 format, li_resnick.dta. The do and log-files folder has the Stata do-file (program), li_resnick, do-file.do and the Stata log-file (results), li_resnick, log-file.smcl. The figures 1, 2 and 3 folder includes figures 1, 2 and 3.
